

# IRMCT | Confirmed COVID-19 figures<sup>1</sup> – 6 May 2021

6 May '21	Currently confirmed infected or recuperating <sup>2</sup>			Recovered <sup>3</sup>		Deaths	Total
	Not hospitalized	Hospitalized	Released from hospital	Never hospitalized	Was hospitalized		
The Hague	1	0	0	18	1	0	20
Arusha	0	0	0	6	4	1	11
Kigali	0	0	0	0	0	0	0
Sarajevo	0	0	0	1	0	0	1

<sup>1</sup> The data included in this file concerns confirmed COVID-19 cases amongst IRMCT staff members and Principals only. It does not include cases amongst staff's household members or amongst non-staff such as interns, defence teams, witnesses or judges other than the President.

<sup>2</sup> Currently infected is defined as being infectious; recuperating is defined as no longer being infectious but due to residual symptoms (e.g. fatigue) not well enough to return to work.

<sup>3</sup> Recovered is defined as no longer being infectious and being well enough to return to work.
