Information for the visitors of this institution

For that reason, there are checks on prohibited items in the area of access to the institution.

Prohibited items include drugs, arms and ammunition, money, explosives, alcohol, information carriers and communications equipment.

This therefore also applies to items which are not forbidden outside the institution, such as a mobile telephone and tools. For the **full listing** of forbidden items, we refer to **www.dji.nl**.

If you do not pass the security gate without the alarm going off, **checks** may be performed such as:

- **body search;**
- **checks with sniffer dogs or other types of detection.**

You refuse consent to a body search? You will be denied access to this institution.

In the event you are **caught** bringing forbidden items, you are **liable to punishment**, the institution gets the **police** involved and presses **charges**.

You will be an unwelcome visitor in the following three months.
